NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

This just was not a very good weekend for football. First my Pipers got whipped at Anson and then the Cowboys looked like a first year club against Cleveland.

And if you think it is hard to figure what happened to the Pipers just think what the Cowboy coaches and players were going through Monday. Here was a team that had everything going for them—the best offense and the best defense in the league—and they looked like they did not even know what the game was all about.

As to what happened to the Pipers, we do not really know except that Anson was as ready for that game as the Pipers had been for Ballinger. The Pipers got a couple of bad breaks early and while this set them back, it fired the Tigers up even higher.

We had hoped that the Pipers had learned in the Coleman and Winters games that in this district you can not just get up for the leaders and try to coast through the other games—but evidently they didn't. While there are some outstanding teams in this district every year there just is not that much difference between the team at the top and the one at the bottom.

One very bright spot about the otherwise sad experience at Anson Friday night was the Hamlin fans. While we were on the opposite side of the field we could still tell that the fans stayed with the boys all the way. And from where we were it appeared that the Hamlin fans outnumbered the home town fans.

And if the fans will keep this spirit and the boys will pull themselves together for the game this week with Stamford—we are not out of the race yet.

The game this week should be quite a battle since the team that loses is out of the race for even a share of the title.

Since this is Homecoming for the Piper exes this could give the team just the extra desire they will need to go all the way.

We received an invitation from Governor Preston Smith to attend the first Governor's Public Support Conference on Traffic Safety to be held in Austin on Nov. 18. Unfortunately, the conference will be held on a Tuesday which makes it just about impossible for us to attend.

But we hope the conference is a success for we know of no other problem that needs public support more than traffic safety. More than 3,400 Texans died during the past year in traffic accidents and an additional 217,000 were injured at an economic loss of nearly one billion dollars.

There are a number of things that the state could do to help cut down this tragic loss if the public would demand it. Stronger enforcement of existing traffic laws and the elimination of unfit drivers from our highways could save many lives. But somehow we seem to get more upset about depriving someone of driving than we do about the dead and the injured.

There is only so far you can go in making the highways and the cars safe and then you must start to work on the people behind the wheel. While we would not particularly enjoy having to take a driver's test every few years we suspect that this would go a long way in saving the lives of many people that otherwise will die on our highways each year.

Somehow it seems to us that the public would support stronger traffic laws than the legislature seems willing to pass. The only explanation we can give for this is that our representatives heed the advice of the loud minority, rather than the quiet majority.

Hamlin-Stamford Clash to Highlight Homecoming Activities Here Friday

Pipers Need Win to Stay In 7-AA Race

The two teams tied for second place in the District 7-AA race will meet here Friday night when Hamlin hosts the Stamford Bulldogs in the Piper's Homecoming tilt. Each team will be fighting for at least a shot at a share of the title.

Barring the unlikely event of the Haskell Indians losing two weeks in a row, the Pipers are the only team beside the league leading Indians with a chance to go into the playoffs. While the Pipers and the Bulldogs are fighting it out here the Indians will be meeting the Anson Tigers for the second time this season. The Indians defeated the Tigers in a non-conference game early in the season, 32-6.

Scouting reports indicate that the Pipers will have their hands full here Friday night with a smaller than usual Stamford team. They are rated a very good ball club that is well coached and plays good.

The Bulldogs run a lot of have lost only one district game and this was to the Indians in the district opener. The Bulldogs run a lot of offense with a fairly good passing attack but their main offense is built around quick opening dives and power sweeps. Making their offense work is one of the best running backs in the district, Tailback Raul Vasquez, 147-pounds who has a great sense of balance and is hard to stop.

Leading the strong Stamford defense are their middle linebackers, Mike Robinson, 152-pounds, and Austin Bolin, 153-pounds.

Probable offensive starters in the line for the Bulldogs will be: Bolin and Gary Walker, 179, at the ends; Gary Lovorn, 162, an David Duggan, 157, at the tackles; Scotty McCorkle, 169, and Lloyd Taylor, 157, at the guards; and Mike Robinson, 152, at the center.

In the backfield with Vasquez will likely be Roy Weeks, 133, at quarterback; Ricky Medford, 147, at fullback, and Jerry Boles, 132, at wingback.

Santa Claus is coming to town!

Neinda Philosopher Doesn't Want to Be Nominated To Anything; Couldn't Stand the Investigation

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One takes a sidelong glance at a national issue this week. It's hard to say what he sees.

Dear editor:

I don't want to get involved in any Supreme Court controversy, in fact after eight years of Viet Nam I'm afraid "involved" is a word everybody is a little shy of, but according to all the newspapers I've been able to get hold of out here on this Johnson grass farm in the last few weeks there's a great controversy raging over the appointment of somebody to fill a vacancy on the high court.

I don't bother with personalities, I don't know the man the President has nominated, I don't even know any of the members already on the court or recently forced off, I've never been even before a traffic court, not to mention the Supreme Court, and my position is if they'll leave me alone I'll leave them alone and up to now I've held up my end of the bargain, whether they have or not, but what I started out to say is that I hope nobody nominates me

to anything. The country is getting too enthusiastic about checking up on people.

I mean, say somebody is nominated to something and you turn all the newspaper and television reporters and columnists loose on him, not to mention the F. B. I., three or four dozen lawyers and 50 or 60 Congressmen and Senators, each one fine-tooth-combing everything in the man's past, and the question naturally arises: where's the man whose entire past can stand such a glare? How many can you name? Look around carefully.

The Pools said that Rev. Oppenheim has had an outstanding ministry with the youth and his messages will bless the adults also.

Everyone is invited to attend.

Mrs. R. H. McCurdy attended the funeral of her sister, Mrs. H. G. Breneman, in Paris Oct. 21.

I don't mean to say anybody nominated to a high post shouldn't be investigated thoroughly, he should, that's a risk of the game and a democracy should demand no less.

All I'm saying is that if nobody has in mind nominating me to anything, I'd like to say right now I decline. There are too many twists and turns in life for a man to have avoided taking a few wrong ones sometime or other, makes no difference how well he has his bearings now.

In politics, my theory is the less you investigate a man the more honest you'll find him to be.

Yours faithfully,
J. A.

School Board To Meet Nov. 17

The November monthly meeting of the Hamlin School Board of Education will be held Nov. 17 at 7:30 p.m.

The board usually meets on the second Monday of each month but because some of the board members were to be out of town the meeting was changed to the later date.

HAD VISITORS? That's news, call the HERALD.

The RESPECTED WORD

The bible is a book translated into every known language. It is the word that men have died for, in order that it may be available to all men. It is the textbook for God's people.

The bible, itself, is not worshipped, but is respected, for it is the story of God and his relationship to man. It is man's guide for worship and daily living.

Attend church regularly, study, and seek God's will in your life.

"I wait for the Lord, my soul doth wait, and in his word do I hope."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

how can Lone Star Gas help you get rid of wrinkles?

We know all wrinkles are not due to aging. Some are due to drying. And dryers.

Some dryers affect clothes the way sun affects skin. They not only dry out moisture. They bake in wrinkles. Even in permanent press.

But gas dryers are more sensitive to your family's clothing. And more sympathetic to your work load.

Most new gas dryers have a special cool-down cycle that turns off the heat before your clothes become overheated.

That means your clothes have fewer wrinkles. And you have less ironing.

You also have less expensive utility bills. Because gas dries for about a penny a load.

See your gas appliance dealer or Lone Star Gas Company. Find out how to take it a little easier. And avoid wrinkles.

Christmas Seal Fund Drive Now Underway

More than 83,000 letters will be mailed to West Texas residents during the next two weeks as the Big Country Tuberculosis and Respiratory Disease Association begins its 63rd annual Christmas Seal Campaign, according to D. C. Moore, Executive Director. The first mailing includes Christmas Seals for 33,531 area residents with two additional mailings forthcoming.

San Angelo is headquarters for the Big Country TB and RD Association, consisting of 32 West Texas counties which merged April 1 to form the association.

Dr. Alert Randall, head of the Tuberculosis Control Division of the State Health Department, said Texas continues to have a higher-than national rate of new TB cases. C. W. Chancellor Jr. of Midland, president of the Big Country TB and RD Association said the goal of the campaign is to obtain funds to eradicate tuberculosis, control respiratory diseases and promote public health.

The Christmas Seal campaign, the Bangle campaign and memorials are the only fund sources for the Association, according to Moore.

Free Measles Vaccine Drive Set Here Nov. 18

The Hamlin Parent-Teachers Association and the State Health Department will sponsor a measles injection program here Tuesday, Nov. 18, at the primary cafeteria.

No charge is being made for administering the injections and the state is furnishing the vaccine for children age five and older. The local P-TA must pay for the injections for those children from one to four and is seeking voluntary donations of \$2.00 to \$3.00 per shot from those who can afford it.

Health authorities and P-TA officials are strongly urging all parents to bring their children in for the one injection that is good for life.

Dr. E. D. Perrin, City Health Officer, states, "The last great German Measles epidemic, only a few years ago, killed 30,000 babies and crippled at least as many. Until recently, another epidemic was expected early next year. Now the means to prevent it — a safe, effective vaccine — is now available. But parents must act promptly, and in large numbers, if America is to be spared another tragedy."

Tigers Trick Pipers, 26-7

It was trick or treat time in Anson Friday night as the Tigers put the hex on the Pipers and came off with a 26-7 victory. It was Anson's second district win and the first district loss for Hamlin.

While the Tigers were running through and around the Piper defense all night, the Piper offense could not seem to make anything work the way it was supposed to. While the Pipers gained nearly as many yards total offense as the Tigers they could not seem to get the yards when they needed them.

The Pipers were inside the 12 yard times during the night plus the time they scored but lost the ball twice on fumbles and just did not make it into score the other two times.

Anson kicked out of bounds to open the game and the Pipers took possession on their own 45 but failed to make a first down. Anson took over on their own seven following the punt and lost six yards on the first play back nearly on their own goal. Then just as it looked like the Pipers had everything under control, Eddie Liner broke lose for a

49-yard gain to midfield with Robert Bolden catching him from behind. It took the Tigers 12 plays to make it into the endzone with Liner going the final yard for the score. The point after was blocked.

Hamlin again failed to make a first down and punted with Hamlin drawing a 15-yard penalty on a fair catch call. Taking over on their own 33 it just took the Tigers three plays to score with Quarterback Johnny Garcia skirting his left end for the final 39 yards. The point after try failed again.

The Pipers took an on-side kick at the Anson 48 and drove to the Anson 12 only to lose the ball on the next play on a fumble.

Anson drove back into Hamlin territory before Steve Teichelman intercepted a Garcia pass and returned it from the Hamlin 20 to the Anson 24. The Pipers picked up a first down at the nine and then moved to the four before losing the ball again on a fumble.

Following an Anson punt the Pipers put together another drive that ended with a fumble near mid-field. It took the Tigers only six plays to put another six points on the scoreboard with 31 seconds left in the first half. Scoring for the Tigers was Sid Middlebrook from five yards out. Garcia passed to Larry Langerhans for the two points.

Greg Perrin recovered a Tiger fumble on the second play of the second half with the Pipers gaining possession at their 44. Shira, Ford and Bolden each carrying the ball. The Pipers drove down the field and gained a first down at the Tiger 5 only to see another drive fizzle as four plays later they were still just outside the goal line.

The Tigers failed to move the ball very far and punted

with the punt coming up short at the Anson 40. Ford carried for two, Bolden nine and then Shira connected with Gary Smith for a 29-yard pass play good for the score. Duane Stewart kicked the point after.

Starting on their own 20 the Pipers marched down the field only to see another drive play out as they neared pay dirt, this one on the Anson seven.

Anson tried a 46-yard field goal near the end of the game that was blocked and Hamlin put together four first downs before losing the ball on a pass interception with only seconds left in the contest.
